

LPD FLIGHT II: PROVIDING NEXT GENERATION CAPABILITY TODAY!

SERIAL PRODUCTION = SAVINGS AND STRENGTH FOR AMERICA

With a hot production line, skilled workers, a strong supplier base of 400 companies in 30 states across America, and deep experience building amphibious warships, Ingalls Shipbuilding is ready to start serial production of the next generation of amphibious warships beginning with LPD 30. Ingalls Shipbuilding uniquely offers the competitive value to design and build the highly capable, affordable and survivable warships that the Navy-Marine Corps team needs today.
