HII 10th Anniversary: Employees' Proudest Moments

Jillian Ely: I've been with the company for a little over three years and I would have to say that my proudest moment with the company would be being able to be a part of the first ever benefits fair that we had here at Ingalls where we were able to bring in a lot of vendors and just really promote our healthy body, healthy mind, healthy wallet with our employees.

Michael Cagle: My proudest moment was taking my son to a christening. He had so many questions and he was so excited to see that his dad was a part of building the ship.

Holly Johnson: So my greatest moment or achievement is honestly, it's what I do every day. I get to help people and that is just so much fun.

Rodrick Fair: The best part of my days is coming to work and working with a group of diverse people with smiling faces that like to teach as well as like to learn. Thanks to HII for another 10 year anniversary and the future is bright.
